Mr. Teackle, having, on this occasion, acted on his own responsibility, unauthorized by the Committee, and the books and papers sent by him in exchange, not being considered by the Committee, suitable for the Library, they were rejected by them, (a list of which is herewith presented,) and an arrangement entered into with Mr. Teackle, by which he binds himself to return the books sent from the Library, or pay for them, at their valuation, on or before the 2d of April next. A letter from Mr. Teackle, explanatory of this transaction, accompanies; and, the Committee wish it to be considered a part of this Report.

The Librarian having prepared a very comprehensive and judiciously arranged catalogue of books, in the Library, which will be highly useful to all who have access to the Institution, and is indispensable to enable the Legislature to form a correct estimate of the value of the Library; the Committee recommend that it be printed under the superintendence of the Librarian.

And, as it is a work which required much time and labour to execute, they would recommend such compensation be made the Librarian as the Legislature may deem the work deserves. A resolution to that effect will hereafter be submitted.
